MADE FOR MEMORIES

PORTA Dock
Porta-Dock offers a 15-year warranty on all aluminum construction, a 5-year warranty on all galvanized steel construction, and a 5-year warranty on all fabric canopies. For full warranty details, contact the Porta-Dock dealer nearest you.
DOCKS MADE FOR LIVING AND BUILT TO LAST

Take your lake home or cabin to the next level with Porta-Dock’s lifestyle-driven, generations-lasting docks. Offering stylish looks, superior quality, and easy installation, Porta-Dock’s docks are the best way to enjoy your time on the lake.
THE ULTIMATE DOCK
Porta-Dock’s Roll-In Docks are the ultimate system for your lake home or cabin. Providing unmatched in- and out-of the water capability, Porta-Dock Roll-In Docks allow for worry-free installation with minimal effort. Constructed of high-quality 6000 series aluminum or galvanized steel for maximum strength and durability, Porta-Dock Roll-In Docks are corrosion resistant and unaffected by weather conditions or UV rays. The modular design allows for endless options and additions to your dock system as your needs and budget grow.

PROVEN SUPPORT AND STABILITY
Full width axles and cross chains come standard on Porta-Dock aluminum roll-in decks.
CRAFTED FOR the lake, MADE FOR MEMORIES.

ALUMINUM ROLL-IN DOCK FEATURES
- Full-length truss rods for maximum strength
- Standard dual-winches system for easy leveling

- 8’ or 16’
LAKE TIME HAS ALWAYS BEEN FAMILY TIME

In 1966, from the humble beginnings of his garage, Bob Gillman knew there was a better way to engineer a dock; a dock that was easier to install and could be built to last allowing families to create a generations worth of memories of time spent at the lake.

Today, the innovation that sparked the first-ever roll-in dock on the market continues through the passion of his family (pictured above). As a Midwest leader in docks, lifts and accessories, Porta-Dock’s dedication remains focused on living up to Bob’s commitment to products that are easy to install, easy to enjoy, and above all built to last a lifetime.
All docks accommodate Porta-Dock’s full line of accessories including benches, ladders, steps, and bumpers. See the dealer nearest you with questions.

## Dock Accessories

### Bench Options

<table>
<thead>
<tr>
<th>Specifications</th>
<th>Width</th>
<th>Features</th>
</tr>
</thead>
</table>
| Perfect for lounging and attaches directly to your dock. | Fiberglass: 48”
Aluminum: 48” and 60”
Cedar: 44” and 56” | Arm rests are also available in matching styles
Available as deck mount or frame mount
Available in fiberglass, aluminum, or cedar to match decking |

### Solar Dock Light

<table>
<thead>
<tr>
<th>Specifications</th>

</tr>
</thead>
</table>
| The easiest, most convenient way to light your dock. At nightfall, the solar dock light’s sensor automatically turns on the super bright LED. With multiple units, your dock will provide an elegantly lit pathway for all to walk on. | Lasts 18+ hours on a full charge
Brighter than conventional solar garden lights
Fits any Porta-Dock dock post with included mounting bracket
Available in standard or flush mount |

### Table and Chair Sets

Available to fit most dock options. Available in brown, gray, or white.

### Hand Railings

Lightweight aluminum railings for additional safety.

### Ladders

Ladders available in 3-step or 4-step aluminum construction.

### Dock Bumpers

Both horizontal and vertical dock bumpers are available for all dock styles. See dealer for available colors and lengths.

### Dock Extension

Our Deck Extension easily attaches to the side frame. Allows for easy entrance into and exit from the boat or pontoon.
ADJUSTABLE SHORE END WHEEL KIT
Allows for easy installation and removal of your dock by rolling the shore end of your dock.

ECONOMY DOCK WHEEL KIT
Easily bolting onto the side frame of your dock, our Economy Dock Wheel Kit provides additional bracing to allow for transportation over rough terrain.

CANOE, KAYAK, & PADDLE BOARD RACK
Porta-Dock racks make storage of your canoe, kayak, or paddle board simple and easy. Fits any Porta-Dock dock.

FLAG POLE
Adjustable flag pole extends to 15’ and allows for 3’x5’ flag. Includes bracket for ease of attachment to and removal from dock frame.

Hinges
Allows the dock to “flex” and adjust.

TOW BAR
Makes installation and removal of your dock easier than ever. Made for use from in-water to shore. Not intended for road use.

NON-ADJUSTABLE SHORE END WHEEL KIT
Allows for easy installation and removal of your dock by rolling the shore end of your dock.

ADJUSTABLE SHORE END WHEEL KIT
Allows for easy installation and removal of your dock by rolling the shore end of your dock.
**ALUMINUM STEPS**

All aluminum steps come standard with handrails and adjustable legs. Custom steps available.

**NON-ADJUSTABLE ALUMINUM STEPS**

**ADJUSTABLE ALUMINUM STEPS**

**ADJUSTABLE SHORE STEPS WITH OPTIONAL PLATFORMS**

**SHORE END RAMP SECTION**

Available for all models of docks in 4’ and 8’ lengths. Hinge allows for up or down placement.

**CORNER SECTIONS**

Easily add corner sections to any Porta-Dock dock to increase the square footage of your dock.

Measurements are from top step down.
LIFTS AND CANOPIES

we’ve got you covered
FROM SUN UP TO SUN DOWN.

7000 LBS VERTICAL LIFT
Big boat or pontoon? No problem. Porta-Dock has you covered with our new 7000 lbs vertical lift. Perfect for wake boats, tri-tubes, and anything that requires the strength of a Porta-Dock.

> SEE PAGE 20 FOR SPECIFICATIONS.
NEXT GENERATION
FREE STANDING CANOPY

Don’t need a lift? A Porta-Dock free standing canopy provides protection from the elements when a traditional lift is not needed.

TRUSTED WARRANTY

Porta-Dock offers a 15-year warranty on all aluminum construction, a 5-year warranty on all galvanized steel construction, and a 5-year warranty on all fabric canopies. For full warranty details, contact the Porta-Dock dealer nearest you.
Porta-Dock offers a complete line of low maintenance aluminum Boat and Pontoon Lifts. Our lifts are designed and engineered with features that make each lift work with your boat or pontoon. Constructed of high-quality 6000 series aluminum for maximum strength and durability, our lifts are rustproof, corrosion resistant, and unaffected by weather conditions or UV rays. In addition, bunk assemblies adjust both vertically and horizontally for maximum boat support.

DROP DOWN CANOPY

Our one piece canopy attaches to any Porta-Dock lift canopy to create a “garage-like” enclosure. Provides added protection to your watercraft, boat, or pontoon while in the lift. Easy to attach by mounting to existing canopy frame. Our optional mesh canopy allows for deeper coverage while still allowing for air to pass through. Also available as a full mesh end.

CANOPY FEATURES

- Adjustable aluminum framework
- Double aluminum tubing runs the full length of the top
- Heat-sealed creating strong, long-lasting seams
- TOP GUN® acrylic coated polyester marine fabric
- Easily cleans with mild detergent and water

BIRD PROOF NETTING

Durable, lightweight, rot resistant and waterproof mesh prevents birds of all species from nesting under your canopy. Installs in minutes.

BATTERY TRAY CANOPY MOUNTED

A battery bracket that allows a 12 volt battery to be mounted on a square or round frame. Keeps a battery for a DC power unit off your dock. Fits all Porta-Dock lifts.
LIFT STEP
Get in and out safer and easier.

GUIDE ONS
Full-length padded guide-ons aid in proper boat placement on lift.

MOTORIZED WINCH KIT
Designed for optimum strength and ease of use, each motorized winch kit removes the strain from your lift and provides generous clearance and access. Adapts to existing lifts. Available as 12, 24, or 110 volt power. Remotes and solar panels optional on most models. See dealer for details. Available as a manual or auto stop without a key fob.

MOTOR STOP
Ensures the safety of your lift and motor.

12 & 24 VOLT WATT SOLAR PANEL SYSTEMS
Our solar charging systems are made from high quality, more efficient Monocrystalline Solar Cells that also provide a clean, uniform look. Each panel is enclosed in a screw-less anodized aluminum frame and tempered glass with a water tight junction box and blocking diodes.

*Mounting arm and brackets included

UNIVERSAL BOLT-ON WHEEL KIT FOR LIFTS
Easily attaches to existing lift for easy installation and removal. Includes two wheels and all hardware necessary.

BOAT STOP
Prevents your boat from overrunning the lift.

BOW STOP & GUIDES
Assists in positioning your boat into the proper location on the lift. Adjustable to accommodate any style of boat.
1 grid square = 1/2”
